INSTALLATION INSTRUCTIONS

2001 – 2010 (LB7, LLY, LBZ, LMM) APPLICATIONS

Use the supplied M12 plug to block the OE turbocharger oil feed port.

For reference, the turbocharger pedestal mounting locations are circled in red.

2011-2016 (LML) APPLICATIONS

Use the supplied M16 plug to block the OE turbocharger oil feed port.

For reference, the turbocharger pedestal mounting locations are circled in red.

INSTALLATION INSTRUCTIONS

OIL FEED ROUTING

Route the feed line towards the passenger side of the engine away from any rotating components and secure it with zip ties. Install the banjo bolt and two copper sealing washers into the turbo oil feed port.

OIL FEED RELOCATION

Remove the rifle plug on the front-passenger side of the engine and install the adapter fitting and sealing washer included in the kit.
